

## *Why AAI Flight School?*

- It's impeccable safety record is second to none.
- Ground school and flight training go beyond basic CAAP requirements
- AAI operates out of the New Bacolod-Silay airport which provides the airfield and navigational infrastructure required to train and produce world class pilots.
- All hours flown are recorded by Hobbs Meter.
- All aircraft and equipment are meticulously maintained by highly qualified mechanics.

## *Fly and Discover Your Ultimate High*

We ensure the highest standards of training with excellent quality control by adopting an attitude of "No Compromise." The training we impart is the most important step towards becoming a complete professional, ready to take on the challenges of the extremely demanding profession of an airline pilot.

## **AAI FLIGHT SCHOOL**

AAI Flight School is a crucible for excellence, devoted to molding the youth into professional aviators endowed with the knowledge and competence to succeed in the exciting and challenging field of aviation.

# AAI FLIGHT SCHOOL OFFERINGS

AAI Flight School offers a variety of courses to suit your needs. Whether you are interested in hobby flying or pursuing a Commercial Pilot License, AAI will find the right flight program for you. With our excellent safety record and highly skilled personnel, flying with AAI is your “safest” option.

*Reach, Soar, Fly.....Views from the cockpit.*

In training for a career as a professional pilot, the importance of quality instruction cannot be overstated. Employers are highly selective and are not just looking for pilots with basic flying skills. They are constantly searching for aviation professionals who have been trained to exacting standards.

We pride ourselves in the fact that every individual who passes through our academy has all the requisites necessary to become a successful airline pilot.

## *About Negros Occidental*

Negros is an island with mountains, waterfalls, beaches, crystal springs and historical landmarks. Silay City, the “Paris of Negros,” is a top 25 tourist destination.

## AAI FACILITIES:

AAI is proud of its first class facilities and provides a professional environment where students have complete access to its library, simulator and workstations. Academic, administrative and flight line resources are all located in the same facility. AAI has full access to the airport's Air Traffic Control (ATC), navigation aids, runway and emergency equipment. Our AMO offers a full suite of services for flight schools, clubs and private aircraft owners
